

FINAL EXAM SCHEDULE

Semester-specific dates can be found in the [Academic Calendar](#). Exams are scheduled based on meeting days and time of the class. Non-standard class times that start within 15 minutes of a time indicated below will be scheduled in that block, all other non-standard times will be scheduled as an exception and should be confirmed via TreeHouse once final exams are posted for the term.

Please note: exams are not generally scheduled for labs, studio classes, recitations, and/or performance classes, please speak with the instructor if there are questions regarding whether the class will have an exam. Any issues with the schedule, including combined exam times, are to be worked out between the student and the instructor PRIOR to the exam period.

How to use: find the start time of the class and the days of the weeks it meets in the center squares. The exam will be held at the time indicated in the far left-hand column and on the day indicated in the first row. Times are displayed using a 24 hour clock ([military time](#)). Effective Spring 2021 and forward.
