WELCOME TO DREW UNIVERSITY

At Drew University, we appreciate your commitment and contributions to our community. Each year, we strive to offer benefit plans to our employees that not only reward you for your hard work but offer you and your family comprehensive and affordable health and wellness protection. We are confident that you will find our benefit offerings to be of excellent value to you and to your dependents.

In the following pages, you will find a summary of our benefit plans for the remainder of the year. Please read this guide carefully to ensure that you select the coverage that is right for you and your family.

ABOUT THIS GUIDE

This benefits guide describes the highlights of the Drew University benefits program in non-technical language. Your specific rights to benefits under this program are governed solely, and in every respect, by the official plan documents and not the information contained within this benefits guide.

If there is any discrepancy between the descriptions of the program elements contained within this benefits guide and the official plan documents, the language of the official plan documents shall prevail. Please refer to the plan-specific documents published by each of the respective carriers or third party administrators for detailed plan information. Eligibility for any benefit plan is determined by plan documents and policies. You should be aware that any and all elements of our benefits program may be modified in the future to meet Internal Revenue Service rules, or otherwise as determined by Drew University.
ENROLLMENT ELIGIBILITY
You are eligible for the benefits offered through Drew University if you are a full-time employee and work at least 35 hours per week and 9 months per year. If you are a part-time employee and work at least 30 hours per week and at least 9 months per year, you are eligible for Medical, Dental, and Vision benefits only.

BENEFITS BEGIN
Your coverage starts on the first of the month following 30 days of employment.

DEPENDENT COVERAGE
Your spouse, domestic partner, and dependent children are eligible to enroll in benefits. Your dependent’s coverage will terminate at the end of the month that he/she reaches age 26

PRE-TAX PAYROLL DEDUCTIONS
Some payroll deductions are considered pre-tax — This means that they are taken from your gross pay before taxes are withheld using a special Section 125 “pre-tax” payroll deduction. This means that you do not pay state, federal, and social security taxes on eligible premiums paid using a payroll deduction. Bottom-line, this means more money in your pocket.

MAKING CHANGES TO YOUR BENEFITS
Generally, you may only make changes to your benefits selections during the annual benefits open enrollment period. However, you may make changes to your current coverage if you have a life status change. Eligible status changes would be:

» Marriage, divorce, legal separation or annulment
» Birth, adoption or placement for adoption of an eligible child
» Death of your spouse or covered child
» Change in your spouse’s work status that affect benefits eligibility
» Significant change in your coverage, or your spouse’s health coverage attributable to your spouse’s employment
» Change in your child’s eligibility for benefits
» Becoming eligible for Medicare or Medicaid
» Qualified Medical Child Support Order (QMCSO)

If you have a life status change, you must notify Human Resources within 30 days of the change. Depending on the type of change, you may need to provide proof of the change (for example, a marriage license or birth certificate). If you do not return your enrollment forms to Human Resources within 30 days you will have to wait until the next annual open enrollment period to make benefit changes.

UHC MEDICAL PLANS
Drew University offers all employees 4 medical plan options through UnitedHealthcare. You can choose from four (4) different plans:

» UHC HSA Plan (In and Out-of-Network Coverage)
» UHC Core Low Plan (In-Network Coverage Only)
» UHC Core Mid Plan (In and Out-of-Network Coverage)
» UHC Enhanced High Plan (In and Out-of-Network Coverage)

GET MORE FOR LESS!
Prescription Drug Savings  |  Brand vs. Generic
Generic drugs are FDA approved copies of brand-name drugs that have exactly the same dosage, intended use, effects, route of administration, risks, safety, and strength as the original drug. Although they may look or taste different, generic drugs are cheaper because manufacturers have not had the expense of developing and marketing the drug.

They save you money: Generic drugs are often 80 percent less expensive than brand-name medication. The next time you need a prescription, ask if a generic equivalent is available. Or, if your doctor does not specifically tell you to only take the brand-name drug, ask your pharmacist to fill your prescription with the generic version, if one is available.

ADDITIONAL BENEFITS
By enrolling in a UnitedHealthcare medical plan, you gain access to additional programs and resources to help you improve your health at no additional cost!

REAL APPEAL
Real Appeal® is an online weight loss program that provides personal coaching to help you and eligible family members lose weight and keep it off. On average, participants lose 10 pounds after attending just 4 online sessions.

QUIT FOR LIFE
Quit For Life® is a tobacco cessation program that will help you give up smoking for good! You will have access to online support from a Quit Coach, medications to help you quit (if you qualify), and more. To enroll, log into myuhc.com. Once logged in, click on the Health Resources tab and select the Quit For Life program.

SWEAT EQUITY
Making exercise part of your routine may be one of the most important steps you take, which is why UHC offers the Sweat Equity Reimbursement Program. Eligible members may get reimbursed up to $200 in a 6-month period. You can apply for reimbursement as long as you are an active UHC member and have gone to the gym 50 times in a 6 month period! It's that easy!

The above is only intended as a brief summary of your benefits. Please note that all Benefits are subject to the contractual terms, limitations and exclusions as set forth in the master contracts of the carriers. If this summary conflicts in any way with the carrier Certificate of Coverage (COC), Riders and/or Amendments, those documents shall prevail. It is highly recommended that you review the carrier COC for an exact description of the services and supplies that are covered, those which are excluded or limited, and other terms and conditions of coverage.
HEALTH SAVINGS ACCOUNT

The Health Savings Account (HSA) through Clarity gives you the control and flexibility to make the right health care decisions by allocating money for an account that helps offset your expenses. These contributions are made through payroll deductions and are taken out on a pre-tax basis.

HOW DOES MY HSA WORK?

Every year you can set aside a predetermined amount of money, up to $4,150 for individual coverage, and up to $8,300 for all other levels of coverage. This money is available to help you pay for any out of pocket medical expenses such as copays, deductibles, and prescriptions. At the end of the year, unused account funds roll over to the next year, allowing you to build up your HSA for future health care needs and reduce future out-of-pocket expenses.

You can also invest the money saved in your Health Savings account, making it work for you in the future. This account is owned by you, so even if you terminate coverage, the account and all of the funds in it, are still accessible to you.

DEBIT CARD

You can choose to use your HSA debit card to access your HSA funds. Clarity works to substantiate health expenses as eligible per IRS requirements and we will reach out to you if we need more information.

USING YOUR HSA

You can access HSA balance information, transaction history and claim status anytime through claritybenefitsolutions.com 24/7/365.

Programs and tools are available online to help you make informed health care decisions. You can research provider cost and quality information, drug cost and detailed drug information, such as side effects and interactions, and medical information by visiting www.myuhc.com.
DENTAL BENEFITS

Dental coverage is offered through UnitedHealthcare. Employees have the option of choosing from three (3) different plans:

» UnitedHealthcare Dental Plan - High
» UnitedHealthcare Dental Plan - Mid
» UnitedHealthcare Dental Plan - Low

ABOUT YOUR DENTAL INSURANCE

You can go to any dentist you choose with any of the three dental plans, however, you will save more money when you use an in-network provider. In addition, in-network dentists will file claims for you. If you use an out-of-network dentist, you may be required to pay the full cost up front and file for reimbursement later. Out-of-network coverage is subject to the plans reimbursement schedule.

CRITICAL ILLNESS INSURANCE

HEALTH CARE FSA
Clarity Healthcare Flexible Spending Account (FSA) lets you set aside up to $3,200 tax-free dollars for health-related expenses not covered by your insurance plan—saving you about 30% on average. For the 2023 plan year, the grace period to incur expenses and request reimbursement is 3/15/2024. For the FSA plan year 1/1/2024-12/31/2024, you have until 3/15/2025 to incur eligible expenses. Please note, you cannot enroll in the FSA if you enrolled in an HSA.

YOUR HEALTHCARE FSA COVERS THINGS LIKE:
» Copays, deductibles, and coinsurance
» Doctor and hospital visits
» Lab work and X-rays
» Prescription drugs and over-the-counter medications

HOW IT WORKS:
1. You decide how much to set aside for the year, up to your plan's maximum.
2. That amount is evenly divided by pay period and deducted from your paycheck before taxes—saving you about 30% on average.
3. You may be asked to submit itemized records for any reimbursement requests, so always keep your receipts.

DEPENDENT CARE FSA
Your dependent care account (DCA) lets you set aside tax-free funds to cover care-related expenses for your child. Dependent care FSA covers things like:
» Before and after school care for children
» Custodial care for dependent adults
» Licensed day care centers
» A nanny/au pair
» Late pick-up fees
» Summer or holiday day camps

How it works:
1. Choose how much to contribute, up to $5,000 per household per year.
2. That amount is evenly divided by pay period and deducted from your paycheck before taxes—saving you about 30% on average.
3. As your account fills up, you can begin to use your funds on eligible expenses. Unlike a healthcare FSA, you must contribute funds before you can use them.
4. Keep your receipts—you'll need to submit an itemized invoice along with all your reimbursement requests.
5. Any unused funds not claimed by the end of the runout period will be forfeited.
PARKING & TRANSIT BENEFITS
The Transit Benefits allows you to set aside up to $300 per month for parking expenses, and $300 per month for transit expenses, that you may incur commuting to and from work. These benefits are taken out of your paycheck on a pre-tax basis.
