## Common QuickBooks Error Codes (And When to Call)

Before you call, note any error codes you see. Here are a few common ones that often require live support:

- **Error H202:** This indicates a multi-user mode networking problem. An agent can help you configure your firewall and database server manager correctly .
- **Error 3371:** This license error means QuickBooks can't validate your license data. Support can guide you through safely resetting this file .
- **Error 6123 / 6190:** These relate to company file corruption or sync issues. Support has tools like the QuickBooks File Doctor to help recover your data .

### For International Callers

Although QuickBooks is a U.S.-based company, you can reach them using the same toll-free number:

- **International Access (via US number):  
+1(888-394-9046)**

Make sure to dial via an international calling service if you're outside the U.S.

### Best Time to Call

- **Early mornings (6 AM – 9 AM ET)** generally have shorter wait times.
- **Avoid Mondays and holiday weeks** if possible due to high call volume from weekend issues.

**Don't go it alone.** The support you need is just a phone call away. **+1(888-394-9046)**
