Drew Community Policing Initiative - Logic Model
TRAFFIC STOP AWARENESS

Key Questions

How might we address problems related to lack of trust, understanding and empathy between police and the communities they serve?
In what ways might interventions help improve these relations?
What activities and experiences may increase positive encounters between police and the public?

Goal

Increase respectful attitudes toward one another and positive relationships between police and the communities they serve

Rationale

Positive interactions lead to greater understanding, empathy and respect, which encourage police and public to have better relations

Inputs/Resources	Activities	Outputs	Short Term Outcomes	Mid Term and Long Term Outcomes
INTERVENTION: Traffic Stop Awareness				
AmeriCorps Members, Law Enforcement Partners, Drew University Theatre Department, Drew Media Resource Center, Drew Conflict Resolution Faculty	Training on Traffic Stop Behavior	3-5 short training videos and materials

Website, social media to promote videos | Short Term Outcomes:

AmeriCorps Members understand appropriate law enforcement procedures, learn process of producing educational video | Mid Term Outcomes:
Less hostile interaction at traffic stops

Long Term Outcomes:
Reduced arrests and violence at traffic stops |
